

Rabbit anti-Staphylococcal Gamma Hemolysin C pAb

Catalog #: 0314-002

Lot #: 1212002

Description:

Rabbit polyclonal antibody reactive to the *Staphylococcus* aureus Hlg C with His tag.

Immunogen/ Target:

Purified, His-tagged *Staphylococcus aureus* Gamma Hemolysin C (Hlg C) recombinant protein.

Formulation & Storage: Supplied in PBS and 0.01% sodium azide. **Store at** +4°C for 2-3 weeks, -20°C for long term.

Notes & Usage Guidelines:

Clonality/Isotype: Polyclonal; N/A

Host: Rabbit

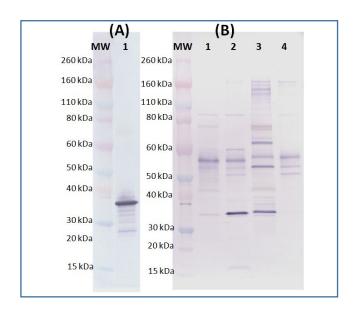

ELISA: Assay-dependent dilution; Not Tested

WB: Assay-dependent dilution

Applications

Western Blot Data:

Western blot was detected with anti-Hlg C polyclonal antibody at 0.5 $\mu g/mL$ and visualized using an anti-rabbit IgG-AP conjugate and AP substrate. MW denotes Novex Sharp prestained protein markers. (A) 100 ng recombinant rHlg C protein/lane (lane 1). (B) 15 $\, \Box L$ of 24-hour culture supernatant/lane. Protein bands with molecular weights <40 kDa were detected in the culture supernatant of USA300 (lane 1), Newman (lane 2) and NCTC 8325-4 (lane 3) but not in the negative control exoprotein null NCTC 8325-4 strain (lane 4).

Certificate of Testing for:

Lot#: 1212002

Volume: 500 µg

Concentration: 3.74 mg/mL
